Window Comparison

Compare each opening by room and real use.

Use with your designer or supplier to record priorities, product details and questions before selection.

Project / room	Window ID	Review date

CHECK / NOTE / ASK

- [ ] **Room needs and use**
  Record daylight, view, ventilation, privacy and operating habits.
- [ ] **Exposure and context**
  Note sun, rain, neighbours, noise and cleaning access.
- [ ] **Operation and clearance**
  Compare clear opening, swing space, hardware and safe use.
- [ ] **Frame and finish**
  Record system, finish, upkeep and replacement considerations.
- [ ] **Glass and safety**
  Request exact build-up and qualified safety review where needed.
- [ ] **Shade and screen**
  Check glare control, privacy, insect screen and airflow together.
- [ ] **Performance evidence**
  Ask what declared data applies to the proposed assembly.
- [ ] **Installation and warranty**
  Confirm site measurement, sealing, installer and maintenance terms.

Print this sheet or fill it in a PDF app. Keep observations separate from decisions.

Preparation worksheet; project-specific review still required.

Turn notes into next steps.

Use one row per decision or observation. Add a photo/drawing reference where useful.

Window option	Benefits / trade-offs	Open question

AT YOUR NEXT MEETING

01 Which need is most important for this room?

02 What product data applies to this exact system?

03 Who reviews safety and installation details?
